The streets are lined with people
People who want to move, move, move
Em
How can all these people
Have so much to prove, prove, prove
Em
Oh I can only ask myself
Oh where are you all going?
Am
And won't you take me with you to
Where all the sirens are blowing?
Em C
Uptight Downtown
Am
Oh blue lights fighting with the crowds
D Em
And now I know the temperature is rising, is rising
Em C
Uptight Downtown

The streets are lined with people
With nothing left to lose, lose, lose
When did all these people
Decide to change their shoes, shoes, shoes?

Em
Oh I can only ask myself
Oh where are you all going?
Am
And won't you take me with you to
Where all the sirens are blowing?
