

# Lacuna Coil - Daylight Dancer

Tom: **A**

p.m. \_\_\_\_\_

Listen to the record for the time.

Chorus

Standard Tuning: EBGDA**E**

Fig.2

Fig.1 starts after some vocal, keyboard, drums and bass only part  
but i  
think that there's some kind of acoustic riff under the  
keyboard.  
Fig.1

Then repeat Fig.1, Chorus and then

Fig.3

When you'll let ring that chord Cristina enters, and under her  
voice  
there's a super heavy chord with the palm muting before the  
song goes into the chorus.

Then, after the beginning's no guitar bit play Chorus x 2.
