Lady Antebellum - Stars Tonight

```
Tom: E

   (intro 4x) E A B

(verse 1)
E A B                                                E A B
Girls in their heels and a skinny pair of blue jeans
       E A B                                                E A B
Boys in black pearl buttons looking just like Springsteen
E A B                                                E A B
Mama says why you wanna play in a silly rock'n'roll band?
           E A B                                     E A B
Well if you stood here Mama, I know you'd understand
         Dbm                B
It's the lights, it's the high
         A                        B
It's the roar of the crowd, on a Friday night

(refrão)
                          E     A     B
Everybody's screamin' out yeah, yeah, yeah
                          E     A     B
Everybody's sing it out yeah, yeah, yeah
                        Dbm             B
Get on your feet if it feels good, it feels right
      A                 B
Cause we're all stars tonight
                  E     A     B
So sing it out, yeah, yeah, yeah
E A B
     Hey hey

(verse 2)
          E A B                                          E A B
Let's all get a little rowdy, gonna party all night long
    E A B                                                      E

A B
And boys sway with your girls when we play a little slow song
          E A B                                                E A
B
Put your hands in the air, shine a lighter or a cell phone
            E A B                                  E A B
You better buy another round, we ain't going home
       Dbm           B
On the floor, in the stands
A                    B
  Tonight we're all in the band

(refrão 2)
                          E     A     B
And we're screamin' out yeah, yeah, yeah
                          E     A     B
Everybody's singing out yeah, yeah, yeah
                        Dbm             B
Get on your feet if it feels good, it feels right
      A                 B
Cause we're all stars tonight
                  E     A     B
So sing it out, yeah, yeah, yeah

(do Chorus 1, but repeat the first 2 lines)

(outro)
E A B
     Hey hey
E A B
     Yeah yeah yeah
E A B
     Hey hey
E A B
     Oohh yeah
```
