For the angel that's coming in a minute

This house and everybody in it

Got my bags packed, got my ticket  
**A**  
Got a heartache to go with it  
**G**  
Baby, kiss me, say you'll miss me  
**Bm** **D**  
But while we still got time

**D**  
Take a look at our little paradise  
**G**  
It ain't much but baby, you and I  
**A**  
Picked the right stars, made the right wish  
**G** **Bm**  
Ain't nothing out there like this  
**D**  
And it kills me that I gotta go  
**G**  
Couldn't do it if I didn't know  
**Gbm** **G**  
That every time I'm walking out that door  
**D**  
You know what I'm leaving for

**D**  
When I'm out there

I know I'm where  
**G**  
I'm meant to be picking them strings

And getting that small town to sing  
**D**

On that last turn home

I can hardly wait  
**G**  
To drop my bags, kiss your face  
**A**  
'Cause all I can do is stop

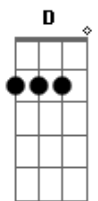

**D**  
Take a look at our little paradise  
**G**  
It ain't much but baby, you and I  
**A**  
Picked the right stars, made the right wish
