Lady Antebellum - When You Got a Good Thing

Tom: Ab

(com acordes na forma de F)
Capostraste na 3ª casa
Intro:

```
   C                  D                  G
Everybody keeps tellin' me I'm such a lucky man
  C                D          Em7
Lookin' at you standin' there I know I am
    C                G
Barefooted beauty with eyes that blue
    D                Em7              C
The sunshine sure looks good on you, I swear

  C                  D                  G
Oh, I can't believe I finally found you, baby
  C                D     Em7
Happy ever after, after all this  time
           C         G
Oh, there's gonna be some ups and downs
          D          Em7             F
But with you to wrap my arms around, I'm fine

         C D Em7 C D Em7
So, baby, hold on tight, don't let go
              C        D
Hold onto the love we're makin'
                       G       D  Em7
'Cause baby when the ground starts shakin'
    D
You gotta know when you've got a good thing

             C            D           G
You know you keep on bringin' out the best in me
     C              D                   Em7
And I need you now even more than the air I breathe
       C                G
You can make me laugh when I wanna cry

D             Em7          F           D
This will last forever I just know, I know

         C D Em7 C D Em7
So, baby, hold on tight, don't let go
                C       D
Hold onto the love we're makin'
                        G       D  Em7
'Cause baby when the ground starts shakin'
    D
You gotta know when you've got a good thing

D G C
We got a good thing, baby,
C G D
woah

( D  G  Em7  D )

   C D Em7    C D Em7
So, hold on tight, baby, don't let go
              C       D
Hold onto the love we're makin'
                       G      D   Em7
'Cause baby, when the ground starts shakin'
     D          C
You gotta know, oh, you gotta know
D                  C
Oh you gotta know, you gotta know when you got a good thing

C D Em7
Mmmh,
                       C D Em7
We got a good thing,  baby, oh, oh

( C  D  Em7 )  (5x)

C D Em7 C D Em7 C
Woah,  woah
```
