

Lady Gaga - Again Again

Tom: G

You've gotta lotta lotta
 nerve... Comin' here
 When I'm still with him
 And I can't have you, it isn't fair

Born, March of 86
 My birthday's comin'
 And if I had one wish
 Yeah, you'd be it

Prechorus:

When you're 'round
 I lose myself
 Inside your mouth
 You've got brown eyes
 Like no one else
 Baby, make it to me

Chorus:

A...gain, and again
 Again
 Again
 A...gain again
 Never stop a...gain and again

Again

Again
 A|-A-again again
 Never stop oh..

Verse:

He never really saw me
 Or waited when we were hookin' up
 Yeah, he'd never last
 Last week when I was sad
 You said that you knew
 My eyes changed from
 Kind of green
 To "kind of Blue"

Prechorus:

When you're 'round
 I lose myself inside your mouth
 You've got brown eyes like no one else
 Baby make it to me

Chorus:

Again, and again
 Again
 Again
 Again again
 Never stop again and again
 Again
 Again
 A|-a-again again
 Never stop babe

Bridge:

Tell me
 If I leave him
 Baby would you be there cuz
 Baby you could be m-m-mine
 All the t-t-time

Acordes
