

Lady Gaga - Disco Heaven

Get back bunny

It's getting cold in here little honey

We got a show to put on your dress

Take a minute for us and relax, relax

Cupid's got me, oh with his bow & arrow, baby

He'll hit you in the pants, hot pants

Get the people to dance and relax, relax

Oh the lights still on, we're dancing

Yeah the floor is shaking

In this disco heaven

(Oh, disco heaven)

Disco heaven

(Oh, disco heaven)

Oh the lights still on, we're dancing

Yeah the floor is shaking

In this disco heaven

(Oh, disco heaven)

Disco heaven

(Oh, disco heaven)

Throw your head back, girly
 Throw it like those girls in the movies
 We got a show to put on your dress
 Take a minute for us and relax, relax

The ball is turning, 300 mirrors burning
 Through the hearts of the crowd
 In the back hipsters banging the track

Acordes

To the music, the music

Oh the lights still on, we're dancing
 Yeah the floor is shaking
 In this disco heaven
 (Oh, disco heaven)
 Disco heaven

(Oh, disco heaven)

Oh the lights still on, we're dancing
 Yeah the floor is shaking
 In this disco heaven
 (Oh, disco heaven)
 Disco heaven

(Oh, disco heaven)

Oh we got that disco
 D-I-S-C-O
 And we're in heaven
 H-E-A-V-E-N
 Disco heaven

Feels just like heaven
 Disco heaven
 Disco heaven
 Line up for the dance
 Yeah bring those fancy pants
 Y'know there's disco in the air
 And hairspray everywhere
 A disco heaven
 A disco heaven
 Disco heaven
 Disco heaven

Oh the lights still on, we're dancing
 Yeah the floor is shaking
 In this disco heaven
 (Oh, disco heaven)
 Disco heaven

(Oh, disco heaven)

Oh the lights still on, we're dancing
 Yeah the floor is shaking
 In this disco heaven
 (Oh, disco heaven)
 Disco heaven
