

# Lady Gaga - Disco Heaven

tom:

G

G

Get back bunny

It's getting cold in here little honey

We got a show to put on your dress

Take a minute for us and relax, relax

Cupid's got me, oh with his bow & arrow, baby

He'll hit you in the pants, hot pants

Get the people to dance and relax, relax

Oh the lights still on, we're dancing

Yeah the floor is shaking

In this disco heaven

(Oh, disco heaven)

Disco heaven

(Oh, disco heaven)

Oh the lights still on, we're dancing

Yeah the floor is shaking

In this disco heaven

(Oh, disco heaven)

Disco heaven

(Oh, disco heaven)

Throw your head back, girly  
 Throw it like those girls in the movies  
 We got a show to put on your dress  
 Take a minute for us and relax, relax

The ball is turning, 300 mirrors burning  
 Through the hearts of the crowd  
 In the back hipsters banging the track

To the music, the music

Oh the lights still on, we're dancing  
 Yeah the floor is shaking  
 In this disco heaven  
 (Oh, disco heaven)  
 Disco heaven

(Oh, disco heaven)

Oh the lights still on, we're dancing  
 Yeah the floor is shaking  
 In this disco heaven  
 (Oh, disco heaven)  
 Disco heaven

(Oh, disco heaven)

Oh we got that disco  
 D-I-S-C-O  
 And we're in heaven  
 H-E-A-V-E-N  
 Disco heaven

Feels just like heaven  
 Disco heaven  
 Disco heaven  
 Line up for the dance  
 Yeah bring those fancy pants  
 Y'know there's disco in the air  
 And hairspray everywhere  
 A disco heaven  
 A disco heaven  
 Disco heaven  
 Disco heaven

Oh the lights still on, we're dancing  
 Yeah the floor is shaking  
 In this disco heaven  
 (Oh, disco heaven)  
 Disco heaven

(Oh, disco heaven)

Oh the lights still on, we're dancing  
 Yeah the floor is shaking  
 In this disco heaven  
 (Oh, disco heaven)  
 Disco heaven
