tom:

G

B **Gb**
 Feeling something that I can't explain

Abm **E**
 Think it's a wound I still entertain

B **Gb**
 I'd do anything to numb the flame

Abm **E**
 I guess I'm just on fire these days

B **Gb** **Abm**
 I can't see straight, I can't see me

E **B**
 There's too much hurt caught in between

Gb **Abm**
 Wish I could be what I know I am

E
 This moments hijacked my plans

B **Gb** **Abm** **E**
 I'm feeling the way that I'm feeling, I'm feeling with you

B **Gb** **Abm** **E**
 I stare at the girl in the mirror, she talks to me too

B **Gb**
 Yeah, I can see it in your face, you don't think I've pulled my weight

Abm **E**
 Maybe it's time for us to say goodbye cause

B **Gb** **Abm** **E**
 I'm feeling the way that I'm feeling, I'm feeling with you

I'm not having fun tonight

B **Gb**
 You love the paparazzi, love the fame

Abm **E**
 Even though you know it causes me pain

B **Gb**
 I feel like I'm in a prison hell

Abm **E**

Stick my hands through the steels bars and yell

B **Gb** **Abm**
 What happens now, I'm not okay

E **B**
 And if I scream, you walk away

Gb **Abm**
 When I'm sad you just wanna play

E
 I've had enough, why do I stay?

B **Gb** **Abm** **E**
 I'm feeling the way that I'm feeling, I'm feeling with you

B **Gb** **Abm** **E**
 I stare at the girl in the mirror, she talks to me too

B **Gb**
 Yeah, I can see it in your face, you don't think I've pulled my weight

Abm **E**
 Maybe it's time for us to say goodbye cause

B **Gb** **Abm** **E**
 I'm feeling the way that I'm feeling, I'm feeling with you

I'm not having fun tonight

B **Gb** **Abm**
