

# Lady Gaga - No Way

Tom: Db

(com acordes na forma de Capotraste na 1ª casa C )

I saw a shadow, and I knew that it wasnt mine

You and her, I know that you are intertwined

Even though, her clothes were on and everything

Your eyes were somewhere else and you were both to blame

(Continua a mesma progressão)

Dont say a word  
Im sure that it wont be enough  
To erase what I know just happens now what dreams are made of  
This is my haus and I wont allow that disrespect  
Baby dont look at me like that  
Dont belong to you, anyway

Refrão:

Cuz baby now that you're caught what am I supposed to say

Its so wrong what you did but I still feel this way

I cant believe it, or forget it, what I saw today

And if youre wondering if Im staying answer is no way

No Way No Way

No Way (I cant believe it babe)  
No Way (No Way)

Igual a primeira estrofe:

Something I saw, something I know did not belong to me  
But then I thought theres no way you would do that to me  
Then last week, when you went aside to use your phone  
I felt a chill but told myself that it was from the cold  
And I just woke up, but I wish that it was a nightmare  
Cos when I have those, it isnt real like this one is

This is my heart, and I wont allow that disrespect  
Baby dont look at me like that, it dont belong to you, anyway

(Refrão)

Get your things and go

You can take the dinner left over from last night

I made you your favourite goodbye
