

# Lady Gaga - Red And Blue

Tom: **Ab**

**Ab**  
Want to

**Eb**  
I think I love you

**Db**  
You got ripped jeans

I'm only nineteen

**Ab**  
What do you wanna do?

**Ab**  
You got your cigarette

**Eb**  
I got my headset

**Db**  
We're two of a kind

You're spades and I'm diamonds

**Ab**  
And you know that too

**Ab** **Cm**  
Yeah you can see clearly

**Ab** **Cm**  
That I am the one you want

**Ab** **Db**  
But I must admit that

**Ab** **Db** **Eb**  
I'm everything you're not

**Ab** **Eb**  
Yeah I am red, you are blue

**Db**  
I'm old school and you're so new

**Ab** **Eb** **Db**  
But I guess I could forgive you tonight

**Ab** **Eb**  
When you're cold, I like to burn

**Db**  
I cut lines, you wait your turn

**Ab** **Eb** **Db**  
But I guess I could forgive you tonight

Tonight, tonight, tonight

(just repeat chord progression here)

Don't shoot  
My heart is on mute  
Our physical dream

Is only skin deep  
How do you wanna groove?

Bang Bang  
Should hear my gun ring  
You're mine, you're there  
You'll hear that  
I am all up inside your head

Now I can see clearly  
That I am the one you want  
But I must admit that  
I'm everything you're not

Yeah I am red, you are blue  
I'm old school and you're so new  
But I guess I could forgive you tonight  
When you're cold, I like to burn  
I cut lines, you wait your turn  
But I guess I could forgive you tonight  
Tonight, tonight, tonight

You won't forget me when I'm gone **Ab**  
**Db** **Cm**  
This feels so good, it can't be wrong

**Eb** **Db**  
I recommend a one night stand

**Eb**  
I know we're just friends

**Db**  
But you're my kind of man

**Eb**  
Just for tonight

**Fm**  
Just for tonight

**Ab**  
Just for tonight

Even though I'm red, you are blue  
I'm old school and you're so new  
I know we could be great for tonight  
When you're cold, I'll make it burn  
You'll never have to wait your turn  
Yeah I guess I could forgive you tonight

Yeah I am red, you are blue  
I'm old school and you're so new  
But I guess I could forgive you tonight  
When you're cold, I like to burn  
I cut lines, you wait your turn  
But I guess I could forgive you tonight  
Tonight, tonight, tonight

## Acordes
