Have you ever loved somebody

I will only ever be the heat  
Em7 G  
That's right, next to you after hours under cover  
C G  
Company feeling all too familiar sheets

The light, at the end of this cigarette

Is probably the closest I'll ever get to a star

With milky ways in your hair  
Em7

And comets showing out of your eyes

My darkest song sounds kinda like  
Em7  
But I'll... I'll never be your lover

Without friction there is no fire

A love that we left back in Oakland

A liquor lust we use to admire  
C G  
And tell me here, where did you go  
D Am  
Has fallen out my mouth one to many times

My life is one long life fight  
D  
One long life fight
