

Lana Condor - Anyone Else But You (feat. Anthony de la Torre)

tom:

Intro: G Em D G
 Looking at you
 I get overwhelmed
 There's no one else in view
 I need you now
 Then you look at me
 Give me every reason
 That you need me to
 But I still doubt
 Hate that I'm hesitating
 What's wrong inside my brain
 How come your loves so patient
 I kind of feel insane
 I know that you're not faking
 But I get in my own way
 Oh maybe I just need to hear you say
 I don't want
 I don't want anyone else but you
 Love when you
 Say that you, say that you
 Want me too (want me too)
 I know better
 Then to promise forever
 But I don't want
 I don't want anyone ?lse but you
 I just want you
 The moment w? met
 All my friends were asking who I'm staring at
 Yeah they know now
 You were wearing all black
 And the space between us wanted to collapse
 Like I do now

Hate that I'm hesitating
 What's wrong inside my brain
 How come your loves so patient
 I kind of feel insane
 I know that you're not faking
 But I get in my own way
 Oh maybe I just need to hear you say (yeah)
 I don't want
 I don't want anyone else but you
 Love when you
 Say that you, say that you
 Want me too (want me too)
 I know better
 Then to promise forever
 But I don't want
 I don't want anyone ?lse but you
 I just want you
 Ah, I just want you
 Ah, oh
 Ah, I just want you
 Ah, oh
 I don't want
 I don't want anyone else but you
 Love when you
 Say that you, say that you
 Want me too (want me too)
 I know better
 Then to promise forever
 But I don't want
 I don't want anyone ?lse but you
 I just want you
 Ah, I just want you
 Ah, oh
 I just want you
