

# Lana Del Rey - 13 Beaches

Tom: G

[Introdução] Am G  
Em D  
Am G  
Em D

Am  
I don't belong in the world  
G  
That's what it is  
Em  
Something separates me from other people  
D  
Everywhere I turn...  
There's something blocking my escape

Am  
It took thirteen beaches  
G  
To find one empty  
Em D  
But finally it's mine  
Am  
With dripping peaches  
G  
I'm camera ready  
Em D  
Almost all the time

C  
But I still get lonely  
B7 Em  
And baby only then  
A  
Do I let myself recline?  
C B7  
Can I let go?  
Em  
And let your memory dance  
D  
In the ballroom of my mind  
Am  
Across the county line

Am  
It hurts to love you  
G  
But I still love you  
Em D  
It's just the way I feel  
Am  
And I'd be lying  
G  
If I kept hiding  
Em D  
The fact that I can't deal  
Am G  
And that I've been dying (yeah)  
Em D  
For something real  
Am G Em D

That I've been dying for something real

Am  
It took thirteen beaches  
G  
To find one empty  
Em D  
But finally I'm fine  
Am  
Past Ventura  
G  
And lenses plenty  
Em D  
In the white sunshine

C B7  
But you can still find me  
Em  
If you ask nicely  
A  
Underneath the pines  
C B7  
With the daisies  
Em  
Feeling hazy  
D  
In the ballroom of my mind  
Am  
Across the county line

Am  
It hurts to love you  
G  
But I still love you  
Em D  
It's just the way I feel  
Am  
And I'd be lying  
G  
If I kept hiding  
Em D  
The fact that I can't deal  
Am G  
And that I've been dying (yeah)  
Em D  
For something real  
Am G Em D  
That I've been dying for something real

Am  
It hurts to love you  
G  
But I still love you  
Em D  
It's just the way I feel  
Am  
And I'd be lying  
G  
If I kept hiding  
Em D  
The fact that I can deal  
Am  
The fact that I can deal
