

Lana Del Rey - All You Need

Tom: C

(Am)

You have a right,
To live your life,
Like no one else does,
Like no one else might.
If you have visions,
Come on and live them out.

(C)

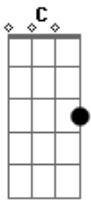

All you need,
Is some peace,
while you are here.
Just let go,
'till you are home, dear.
Mmmm...

I had a dream,
When i was young,
I dreamt our lives were,
Going to be fun.
We were always,
Waiting to live.

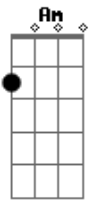

(C)

All you need,
Is some peace,

while you are here.

Just let go,
Of it all, dear
Mmmm...

You have a choice,
To hear the noise,
Or hear the sweet sound,
Of your sweet voice.
I know I've heard it,
I heard it in my sleep...

(C)

All you need,
Is some peace,
while you are here.
Just let go,
Don't say no, dear
Mmmm...

(It continues like that)

Wake up each night at the same time
Roll up the blind and look outside
And in the orange light,
The fog is rising.

This is life,
This tonight, peace in the quiet.
Happiness,
Is the sky.
Mmmm...
Ahhh...
Mmmm...
