

Lana Del Rey - Art Deco

Tom: **G**

G **Em**
Club queen on the downtown scene

Bm
Prowling around at night

G **Em**
You're not mean, you're just born to be seen

Bm
Born to be wild

G **Em** **Bm**
A little party never hurt no one, that's why it's alright

G **Em**
You want in but you just can't win

Bm
So you hang in the likes

G **Em**
You're so Art Deco, out on the floor

Bm
Shining like gunmetal, cold and unsure

G **Em**
Baby, you're so ghetto, you're looking to score

Bm
When they all say: "Hello", you try to ignore them

G **Em**
Cause you want more (why?)

Bm
You want more (why?)

G **Em**
You want more (why?)

Bm
Cause you want more

G **Em**
Young thing on the downtown scene

Bm
Rolling around at night

G **Em**
Got things that've yet to be seen

Em
Like your rapper's delight

G **Em** **Bm**
A little party never hurt no one, that's why it's alright

G **Em**
You want in, but you just can't win

Bm
So you stay in the lights

G **Em**
You're so Art Deco, out on the floor

Bm
Shining like gunmetal, cold and unsure

G **Em**

Baby, you're so ghetto, you're looking to score

Bm
When they all say: "Hello", you try to ignore them

G **Em**
Cause you want more (why?)

Bm
You want more (why?)

G **Em**
You want more (why?)

Bm
Cause you want more

G **Em**
A little party never hurt no one

Bm
So we stay out late

G **Em**
A little party never hurt no one

Bm
That's what your friends say

G **Em**
You put your life out on the line

Bm
You're crazy all the time

G **Em**
Put your life out on the line

Bm
You're crazy all the time

G **Em**
You're so Art Deco, out on the floor

Bm
Shining like gunmetal, cold and unsure

G **Em**
Baby, you're so ghetto, you're looking to score

Bm
When they all say: "Hello", you try to ignore them

G **Em**
Cause you want more (why?)

Bm
You want more (why?)

G **Em**
You want more (why?)

Bm
Cause you want more

G **Em**
A little party never hurt no one

Bm
Not you and me

G **Em**
A little party never hurt no one

Bm
We were born to be free
