VERSE I:

Bm
I was a young girl, selfish and wild
Em
Like a fire in LA
Bm
Hot like the summer and mean like a child
Em
Who keeps crying till she gets her way (like a true star)
G
There were roses in my hair, rock n roll on blare, and I was in trouble
D
And no one could rock me like you could
G
I was a bad girl gone good

CHORUS:

Em
Look at me now, I have everything
Bm
You gave to me and my heart can sing
Em
I was a kid who could only drink
Bm
Dance on tables, makin' deal with devils, like a drunk beauty queen
Em
Fighting the fantasy, hooked on the scene, and it brought me to my knees
Em
And it's all... because... of you
(you know what I'm talkin' about)

VERSE II:

Bm
It was a mad world, we lived for fun
Em
And we got shit for free
Bm
Had a face like an angel, but inside my heart
Em

Was as black as a broke movie screen(it was pretty sad)

G
But then I saw you standing there, like a millionaire
A
Give me a number, call me before I get stupid
G
Make me uncrazy like you did

CHORUS:

Em
Look at me now, I have everything
Bm
You gave to me and my heart can sing
Em
I was a kid who could only drink
Bm
Dance on tables, makin' deal with devils, like a drunk beauty queen
Em
Fighting the fantasy, hooked on the scene, and it brought me to my knees
Em
And it's all... because... of (you)

BRIDGE:

(Bm)
A
It isn't hard to see, you got a hold on me, give me your money, love me to death
Bm
Talk like a baby, cause I'm so elated
Em
You tell me that I ain't seen nothing quite yet
G ...
(I don't wanna lose it, I'm in love, but I didn't choose it)
Bm
Roses in my hair, dancing in the air, feels like I'm flying
D
Tell me you love me, boy, do it
G
It's just like I thought, I just knew it

CHORUS:

Em
Look at me now, I have everything
Bm
You gave to me and my heart can sing
Em
I was a kid who could only drink
Bm
Dance on tables, makin' deal with devils, like a drunk beauty queen
Em
Fighting the fantasy, hooked on the scene, and it brought me to my knees
Em
And it's all... because... of you
Yeah it's all.. because... of you
