Lana Del Rey - Born To Die

Tom: G

```
      G                 D
Feet don't fail me now
G               D
Take me to the finish line
                C                          Em
All my heart, it breaks every step that I take
                    D
But I'm hoping that the gates,

They'll tell me that you're mine
G                        D
Walking through the city streets
G                   D
Is it by mistake or design?
            C                  Em
I feel so alone on a Friday night
                                D
Can you make it feel like home, if I tell you you're mine

It's like I told you honey

C                 Em              D
Don't make me sad, don't make me cry
                                C
Sometimes love is not enough when the road gets tough
            C
I don't know why
C                   Em
Keep making me laugh,
                 D
Let's go get high
                         C
Road's long, we carry on
                           C
Try to have fun in the meantime

C                           Em
Come and take a walk on the wild side
                                     D
Let me kiss you hard in the pouring rain
                        C
You like your girls insane
C                   Em
Choose your last words
                     D
This is the last time
                  C                    Em
Cause you and I, we were born to die

G                        D
Lost but now I am found
G                          D
I can see but once I was blind
                 C                  Em
I was so confused as a little child
                     D
Tried to take what I could get

Scared that I couldn't find

All the answers, honey

C                 Em              D
Don't make me sad, don't make me cry
                               C
Sometimes love is not enough when the road gets tough
```
