

Lana Del Rey - Damn You

Tom: C

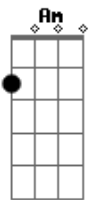

I won't cry myself to sleep like a sucker
 I won't cry myself to sleep
 If I do I'll die
 Now you fall asleep with another
 Damn you
 C Em F x2
 Remember how we used to escape for the summer
 Fireworks and sparklers would light up the black skies
 We'd hold on tight for our lives to each other
 Hello, hello, where did you go?
 We were two kids living life on the run
 Like the american dream, baby
 Nothing to lose
 And we get messed up for fun
 We went too fast, too young
 I won't cry myself to sleep like a sucker
 I won't cry myself to sleep
 If I do I'll die
 Now you fall asleep with another
 Damn you
 Damn you
 Damn you
 Flowers in my hair and your breath smelled like whiskey
 Promised anywhere that I go, take you with me
 Dancing on your feet like a child to the radio

Hello, hello, where did you go?
 We were two kids living life on the run
 Like the american dream, baby
 Nothing to lose
 And we get messed up for fun
 We went too fast, too young
 I won't cry myself to sleep like a sucker
 I won't cry myself to sleep
 If I do I'll die
 Now you fall asleep with another
 Damn you
 Damn you
 Damn you
 Damn you
 Every once in a lifetime
 Dreams can come true
 Now and then when the stars shine
 You meet somebody like you
 I won't cry myself to sleep like a sucker
 I won't cry myself to sleep
 If I do I'll die
 I pray your life is sweet, you fucker
 Damn you
 Damn you
 Damn you
