

Lana Del Rey - Florida Kilos

tom:

Intro: Dm C G F Am

[Primeira Parte]

White lines, pretty baby, tattoos
 Don't know what they mean, they're special, just for you
 White palms, baking powder on the stove
 Cooking up a dream, turning diamonds into snow
 I feel you, pretty baby, feel me
 Turn it up hot, loving you is free
 I like it down, like it down way low
 But you already know that, you already know

[Pré-Refrão]

Come on down to Florida, I got something for ya
 We could see the kilos or the Keys, baby, oh ya
 Guns in the summertime, Drink a Cherry Cola lime
 Prison isn't nothing to me if you'll be by my s-

[Refrão]

Yayo, yayo, yayo
 And all the dope fiends
 Yayo, yayo, yayo

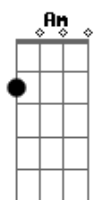

[Segunda Parte]

Zoomin' my miles in gold hoops
 You like your little baby like you like your drinks, cool
 White lines, pretty daddy, go ski it
 You snort it like a champ, like the winter we're not in

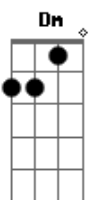

[Pré-Refrão]

Come on down to Florida, I got something for ya
 We could see the kilos or the Keys, baby, oh ya
 Guns in the summertime, Drink a Cherry Cola lime

[Refrão]

Yayo, yayo, yayo
 And all the dope fiends
 Yayo, yayo, yayo

[Ponte]

We could get high in Miami
 Dance the night away
 People never die in Miami
 That's what they all say yayo
 (You believe me, don't you baby?)

[Pre-Chorus]

Come on down to Florida, I got something for ya
 We could see the kilos or the Keys, baby, oh ya
 Guns in the summertime, Drink a Cherry Cola lime
 Prison don't mean nothing to me if you'll be by my s-

[Chorus]

Yayo, yayo, yayo
 All the Floridians like
 Yayo, yayo, yayo
 All the Colombians like
 Yayo, yayo, yayo
 And all my girlfriends
 Yayo, yayo, yayo

[Final]

That's how we do it, like
 Mm-mm, pretty baby
 White lines, pretty baby
 Gold teeth, pretty baby
 Dance the night away
