> this is a weird chord that is used in the

bridge.
It will be represented with a ?@? sign
It looks like a B minor up higher

0.D means an open D Major

Mm, heavy metal love of mine,

I should've learned to let you stay.

You didn't want me all the time,

But you were worth it anyway.

'Cause you were so much better,

Than the rest of them,

Out of all the others,

You were the honest man.

He loved guns and roses,

Guns and roses,

He loved guns and roses,

He loved guns

and roses,

Roses, roses.

Motorcycle love, divine,

I should've learned to let you play.

I wasn't the marryin' kind,

I should've done it anyway

You should've left those fakers,

And then began again.

To kill thy king, Detroit,

Back to the promised land.

He loved guns and roses,

Guns and roses,

He loved guns and roses,

He loved guns

and roses,

Roses, roses.

I can feel it coming in the air tonight,

See you workin' on that blue Pacific,

I can see you bathing in the summer light,

Turnin' tan, I'm in love too

I think you got game, boy, game, boy

You got game, boy, game, boy

You got game, boy, game, boy

You got game

He loved guns and roses,

Guns and roses,

He loved guns and roses,

He loved guns and roses,

Roses, roses.

He loved guns and roses,

Guns and roses

He loved guns and roses,

He loved guns and roses,

Roses, (roses), roses, (roses)

Roses, roses, roses.
