Raise me up...

It's the voodoo, mississippi south
69 million stars
Birds are flying out of my mouth
Spirits creeping in my yard

Hold my head, it's tilting back
Something dancing me around
Putting crystals on my neck
Lifting my feet off the ground

Ray, ray, ray
Raise me up
Em C
Oh, see, what you've done
Oh, me, just what i'm talking about
Oh, see, what you've done
Ohh, me, it's what i'm talking bout

Pick me up in a pickup truck
Roll down, you've got it going on
Lemme talk on your cb, what?
Lemme play with your new shotgun

Ray, ray, ray
Raise me up
