But I was thinking how deep was the Canyon that you came from?

Television static was quite overwhelming

Was it because of the cabin

The candles in the wind?

[Refrão]

We've done it for fun, we've done it for free

I showed up for you, you showed up for me

We did it for the ri\_ight reasons

We did it for fun, we did it for free

When I was young till eternity

I'll do it for the ri\_ight reasons

Withstanding all the time

Changes and seasons

The right reasons
