

Landon McNamara - I Do What I Do

tom:

Intro: Dm C Gm C

I do what I do, I do what I do, oh oh oh
 I do what I do, I do what I do, oh oh oh
 You can be you no matter what oh

They never get the best of me
 They never get the best of me no
 They never get the best of me
 They never get the best of me no

They take away this and they're telling me that
 I had my chances and I can't turn back no more
 I look over chance and no past

To try to tell aside to put them headphones on
 Well I got intentions and it ain't too hard to

Although I know what I deserve
 So I'm, coming in like Robin Hood
 Stealing from the rich and giving back to the hood

Yeah I'm, All about love and all about peace

But I'm all about equality
 So I fight for the blood I bleed

For my people to see and now

We gotta, focus out of the rich kid's party
 And man I'm guilty but don't got millions I'm not that wealthy
 If I had that money I'd feed all the children

The crack babies going crazy no guidance just to live in the world

Well we do what we do
 But none of us are perfect so let me tell you

And I used that so much I'm mentally abused

For just being me and not about loosing you
 Don't point your fingers when your hands ain't clean

Like you know me, cause no you don't know me

I ain't no hippie

I ain't no Rasta

Just cause I smoke a little herb and jam my guitar

I ain't no OG

I ain't no junkie

Just cause I stand up for what I believe and like experimenting

I'm a little a rebel but I ain't the devil

Just cause I don't believe in what you say and haven't found God yet

I ain't your savior

I ain't to call it

Just cause I got some good words to preach doesn't mean to follow me

I do what I do, I do what I do, oh oh oh

I do what I do, I do what I do, oh oh oh

You can be you no matter what oh

Singing I'm alive live lalalalala

Cuz they never get the best of me

Singing I'm alive live lalalalala

Cuz they never get the best of me

(Dm C Gm C)

Over all the judging and assumptions like

You know me you better go learn something like

Are you certified in those teachings of life? No

So tell me who are you to tell me I ain't living right

Cause I put up a fight but I'd rather be a lover

When we many goods doesn't mean I can't hurt her

Don't like to work doesn't mean I'm not a hard worker

Being the different doesn't mean we can't be friends

You're not my blood but you're my brother, and

You're not my family but you're my sister, but

You wanna turn your back and be my friend

The family tree is getting trimmed

I'm not doing this race to win

I'd rather burn one down with my friends

But I ain't no hippie

I ain't no Rasta

Just cause I smoke a little herb and jam my guitar

I ain't no OG

I ain't no junkie

Just cause I stand up for what I believe and like experimenting

I'm a little a rebel but I ain't the devil

Just cause I don?t believe in what you say and haven?t found
God yet
