

# Landon Pigg - Little Darlin'

Tom: F  
Intro: F A Bb A G

F  
Child

My heart skips a beat for you

More than I need to

It feels like

You're the reason I never sleep

You're safe with me

All through the lonely nights

And I, I'll be your apple tree

Give you all you need

And gladly mourn

When you feel that you don't need me

But just wait and see what I've got in store  
For you

Little darlin'

Little darlin'

Won't you let me

Let me love, love you like I

Like I want to, like I want to

Little darling, because you know

I'm dying too, love you

I'll be your sunny day

So that when you play

I'll shine down on you

Love, I'll be your moonlight night so you'll have a light

when the sun is through

Little darlin'

Little darlin'

Won't you let me

Let me love, love you like I

Like I want to, like I want to

Little darling, because you know

I'm dying too, love you

Little darlin'

Little darlin'

Won't you let me

Let me love, love you like I

Like I want to, like I want to

Little darling, because you know

I'm dying too... Dying too... love you

Woah, little darlin'

I am dying just for you
