

# Lany - Roll Over, Baby

tom:

Intro: Am C F Am C

Most of the time we see eye to eye  
 And it's not like us to stay up to fight  
 Most of the time, yeah, we're so in love, oh  
 What did I do? What did I say? What's up?  
 Tomorrow we'll be just fine  
 But let's not waste tonight

Roll over, baby, don't be upset  
 How can you fall asleep when you feel like this?  
 So, come on, baby, let me hold you instead  
 Meet me halfway from your side of the bed  
 Roll over, baby (roll over)  
 Roll over, baby

Just let me pour you a glass of wine  
 I'll sit right here, you can say what on your mind  
 I know you know I'm on your team  
 You tell m? I got work to do, and I agree  
 Tomorrow we'll be just fine  
 But I want you tonight

Roll over, baby, don't be upset  
 How can you fall asleep when you feel like this?  
 So, come on, baby, let me hold you instead  
 Meet me halfway from your side of the bed  
 Roll over, baby (roll over)

Roll over, baby  
 Roll over, baby

Come on, meet me halfway  
 From your side of the bed  
 Come on, meet me halfway  
 Let me hold you instead

Come on, meet me halfway  
 From your side of the bed  
 Come on, meet me halfway  
 Let me hold you instead

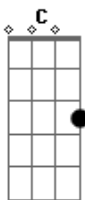

Roll over, baby, don't be upset  
 How can you fall asleep when you feel like this?  
 So, come on, baby, let me hold you instead (Hold you instead)  
 Meet me halfway from your side of the bed (Oh)  
 Roll over, baby

Come on, meet me halfway  
 From your side of the bed  
 Come on, meet me halfway  
 Let me hold you instead

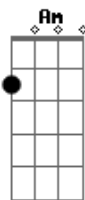

Come on, meet me halfway  
 From your side of the bed  
 Come on, meet me halfway  
 Let me hold you instead

Let me hold you instead (roll over, baby)
