Swayin? lights on a hillside, almost forgot my name  
D G D A  
Carside houses in the desert tide, they all look the same  
Bm A  
And for a fleeting moment, there was terror in your eyes

A haunting revelation or a clever disguise

D A  
Just give me that ellipsis

There was never any harm from a couple of dots

The time forgot, to fill up the empty pages

We built a fire in the kitty-litter mill,  
A  
the old brick barely took the heat  
D G  
Took a lot just to get our fill,  
D Gbm  
pile of hot coals on cold concrete  
B7 Bm A  
At a glance I noticed, there were tears in your eyes

A total realization, we'd have to say goodbye

care  
A

And nothing ever changes

Not quite so vivid, a couple shadows overlapped  
Bm A G  
And everything behind you, looks pale and trapped

I've been lookin? ?round the streets tonight
