

Lars Jensen - I'm not Sorry

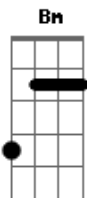

tom:
 I'm not sorry
 For all the things we said and done so far
 'Cause we both know
 The glory we'd get out of there
 Now what i mean is that we could be
 I'm not sorry
 Cause i know you felt the way I did
 And we both shared
 Everything that we desired
 Now here I am

Waiting for you to come
 The president of the united states of love yeah
 President of the united states of love yeah
 All the things that we have done
 There's no question we were wrong
 I'm not sorry for what we do
 All the times that we have played
 There's no question they weren't right
 I'm not sorry for what we do
 All the promises we made
 There's no question they were fake
 I'm not sorry for what we do
