

Last Lover - Is Coming

Tom: G

Em D C I got a fever that burn inside
 This fever hurts and makes me bleed
 Tell me what is happening to me?

I know, the time is coming
 My heart tells me fight the fight
 Don't worry about what happen to me
 And nothing more can make me change or fade away

I know, is coming
 My blood boils in my veins
 I have the reins and full control
 And nothing more can make me change or fade away

Em D C I have a feeling, not just a desire
 It sounds crazy, but for me is real
 May God be with me

I know, is coming
 My heart tells me fight the fight
 Don't worry about what happen to me
 And nothing more can make me change or fade away
 I know, is coming
 My blood boils in my veins
 I have the reins and full control
 And nothing more can make me change or fade away
