

# Lauren Bonnell - Honest

Tom: G  
Intro: Em G D G D (C G D) x2

C G Em  
Last night the feeling of a paradise  
D  
When you caught my eye  
C G Em  
And your hands the feeling of them intertwined  
D  
Lost when she walked by

C  
Now I'm stuck in a moment  
G Em  
Broken and hoping  
D  
You'll change your mind.

C  
If i'm being honest  
G Em  
I should be the one you hold  
D  
So tight and never letting go  
C  
I'm being honest  
G Em  
You should see the way you look at me  
D Am  
Don't pretend I'm the only thing you don't see.  
C  
Cause i know  
D  
Honestly baby i should be the one you hold.

(C G D)  
HEY! HEY! HEY!

(C G D)

C G Em  
I can't think of any other ways  
D  
To get you off my mind,  
C G Em  
But I know I fell in deep with you tonight  
D  
When you looked in my eyes

C  
OH! OH!  
G  
You're making me blush  
C  
OH! OH!  
D  
Can't you feel the rush  
C  
OH! OH!  
Em D

One look is not enough

C  
If i'm being honest  
G Em  
I should be the one you hold  
D  
So tight and never letting go  
C  
I'm being honest  
G Em  
You should see the way you look at me  
D Am  
Don't pretend I'm the only thing you don't see.  
C  
Cause i know  
D  
Honestly baby i should be the one you hold.  
Em G  
Saturday night never felt so right  
C G  
When we're standing in the cold (hey! hey! hey!)  
Em D  
And look at the stars how they shine so bright  
C G  
When you're with someone to love

C  
If i'm being honest  
G Em  
I should be the one you hold  
D  
So tight and never letting go

C  
If i'm being honest  
G Em  
I should be the one you hold  
D  
So tight and never letting go  
C  
I'm being honest  
G Em  
You should see the way you look at me  
D Am  
Don't pretend I'm the only thing you don't see.  
C  
Cause i know  
D  
Honestly baby i should be the one you hold.  
Em G  
Saturday night never felt so right  
C G  
When we're standing in the cold (hey! hey! hey!)  
Em D  
And look at the stars how they shine so bright  
C G D  
When you're with someone to love

C  
I'm being honest
