

Lauryn Hill - Lose Myself (Surf's Up)

Tom: A

A
I used to do it for the love a long time ago

D
And all I ever wanted was love

A
I used to love without fear a long time ago

D
And all I ever wanted was love

Bm
Then somebody came around and tried to hurt me

E
Tried to make me feel like I was unworthy

Bm
Took a pure love and tried to make it dirty

E
Truth was they never did deserve me

D
No!

(chorus)

D **Dbm** **Bm**
I had to lose myself so I could love you better

D **Dbm**
I had to lose myself, had to lose myself so I could
Bm
love you better

D **Dbm**
Had to lose myself, had to lose myself
Bm
So I could love you better

E
Had to lose myself in love
And that's just the way it is?

A
Couldn't tell me I was love when I needed it

D
When, all I ever wanted was love.

A
Should a told me just me because!
I'm worth receiving it

D
But all I ever wanted was love

Bm
There's is something awkward about the selflessness it
takes to

E
Give love and the good that it makes you!

Bm
True love can never really forsake you

E
But it took a little while just for me to see!

(repeat chorus)

Bm
I had a paralyzing fear of facing failure

E
And I couldn't love you perfectly with fear in my head

Bm
So I peerlessly had to face the danger

E **D**
So I could come back and love you whole instead

Dbm
All of your soul I said!

Bm
So I could make it better

(repeat chorus)
(bridge)

Gbm
And so it goes that I never meant to hurt you

Bm
Couldn't stay but I never meant to desert you

Gbm
Whole lot a things I just had to work thru

Bm
Time to heal and restore myself worth too

Gbm
Confrontation of my fears and anxiety

Bm
Cried a whole lot years I suffered quietly

Gbm
And though it may have taken years I can finally!

Bm
Tell you that you were always on my mind!

(repeat chorus)

(bridge 2x)

A **Dbm** **Bm**
Takes strength to absorb all the abuse I did

E **A**
Great love to absorb all the misuse I did

Dbm **Bm**
Hey baby it's not an excuse I give.

E **D**
And I'd do it all again because for you I live

(chorus)

Dbm **Bm**
I had to lose myself so I could make it better

D **Dbm**
I had to lose myself, had to lose myself so I could
Bm
make it better

D **Dbm**
Had to lose myself, had to lose myself
Bm
So I could make it better

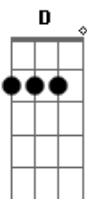

E
Had to lose myself in love
And that was just the way!

Gbm
And that was just the way it is?
