

# Laví - The Sky

Tom: G

How long  
 That I dont see you, how long  
 You did not even leave clues  
 I walk away  
 I'm sorry I walk away  
 This was too much for me oh  
 Oh oh oh  
 Oh oh oh  
 I did not want to miss you  
 Oh oh oh  
 Oh oh oh  
 I will never forget you  
 I see every time  
 It's only in my mind  
 Those stars in the sky  
 I remember your smell  
 What did you want to tell me?  
 Now I'll never know  
 Because you had to go  
 Oh oh oh oh  
 Oh oh oh oh  
 So slow  
 I'm so slow  
 To look for that feeling everywhere  
 Waste of time

Feel is a waste of time  
 I need some time for myself and I'll have  
 Oh oh oh  
 Oh oh oh  
 It was good with you  
 Oh oh oh  
 Oh oh oh  
 And now I need to go  
 I see every time  
 It's only in my mind  
 Those stars in the sky  
 I remember your smell  
 What did you want to tell me?  
 Now I'll never know  
 I see every time  
 It's only in my mind  
 Those stars in the sky  
 I remember your smell  
 What did you want to tell me?  
 Now I'll never know  
 Because you had to go  
 Oh oh oh oh  
 Oh oh oh  
 Oh oh oh oh  
 Oh oh oh oh  
 Oh oh oh oh  
 oh oh
