Down by the seaside

See the boats go sailing

Can the people hear

What the little fish are saying

Enlace

C F C F
Ooh ooh ooh ooh

F C
People turned away

F C
People turned away

C F
Down in the city streets

C F
See all the folk go racing, racing

C F
No time left

C F
To pass the time of day

Enlace

People turned away

People turned away

So far away, so far away

Am
See how they run, see how they run

Acordes

See how they run, see how they run

Am
Do you still do the twist

Do you find you remember things that well

I wanna tell you

Am
Some go twisting every day

Though sometimes it's awful hard to tell

F G F C
Ah ha woh oh woh oh

C F
Out in the country

C F
Hear the people singing

C F
Singing about their growin'

C F
Knowing where they're goin'

Enlace

F C
People turned away

F C
People turned away

C F
Sing loud for the sunshine

C F
Pray hard for the rain

C F
And show your love for Lady Nature

C F
And she will come back again
