tom:

Intro: E D A E  
Gbm D A E

D A  
Girl you know I've known you forever  
E Gbm  
How many nights we hung out together  
D A  
Same little crowd, little bar, little town  
E  
Round this old dance floor  
D A  
My boys are laughing and tap me on the shoulder  
E Gbm  
Making a motion like "'Could y'all get any closer?"  
D A  
They wanna know what's up when I'm still holding ya  
E  
Even when the song is over

[Refrão]

D A E Gbm  
There's a rumor going round about me and you  
D A E  
Stirring up our little town the last week or two  
D A  
So tell me why we even trying to deny this feeling  
E Gbm  
I feel, don't you feel it too?  
D A  
There's a rumor going round, and round, and round  
E  
What d'you say we make it true?  
D A E Gbm  
We make it true  
D A E  
Oh, we make it true

D A  
Well I can shut 'em down, tell them all they're crazy  
E Gbm  
I can do whatever you want me to do, baby  
D A  
Or you could lay one on me right now  
E  
We could really give them something to talk about
