

# Lee DeWyze - Stone

tom:  
 Eb (forma dos acordes no tom de C )  
 Capotraste na 3ª casa

When the tide is high and the river's cold  
 The moon goes down and the morning comes  
 Down in the river where I threw my stone  
 Down in the river where I threw my stone  
 Hear my voice when I cry out loud  
 Running water is the only sound  
 Down in the river where I threw my stone  
 Down in the river where I threw my stone

Lay my body down  
 Lay my body down

Don't regret for you've done no wrong  
 I'll be the light when the sun is gone  
 Down in the river where I threw my stone  
 Down in the river where I threw my stone

Lay my body down  
 Lay my body down

I can feel no more  
 I can feel no more

Down in the river where I threw my stone  
 Down in the river where I threw my stone

Lay my body down  
 Lay my body down
