

## Lemonheads - It's All True

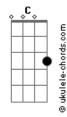

```
Tom: G
I haven't cried, baby, since I learned to talk
Haven't fallen down since I learned to walk
Am G
And I don't get bored watching the tube
Am G F Em C
And I never had a rock in my shoe
And if I tried, baby, would you mess me 'round?
Would we both get bored by the simple sound \ensuremath{\mathsf{Am}}
Sorry about dropping that lude
It just seemed like the best thing to do
It's all true
Bm C
I got me
Bm Em
She's got you
And we got time to share a few
You never get me down when I'm feeling blue
```

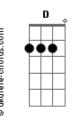

```
When I tell you lies you won't believe they're true $\mathsf{Am}$
Now I really should be on my way

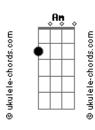

G F E
Think I'm gonna stick around all day
It's all true
Bm C
Bm Em
She's got you
And we got time to share a few
[Solo] Em A D Em A D
She's so precise with her exacto knife
         D
She's gonna take her life
(Em A D C)
I don't wake up with a sudden start
With some empty arms and a broken heart
And I don't get bored watching the tube
```
