

Léon - Tired Of Talking

Tom: C

G Dm C
Do you sometimes let your hand slip away?
F G C
Something just feels different about you babe
G Dm C
Don't wanna hear about your crazy drunk night out
F G C
I don't believe that you just passed out on the couch
G Dm C
I can see it, something in the way you move
F G C
You're acting like there's something left to prove
G Dm C
And all these lies they keep on slippin' out
F G C
I said I don't believe that you just passed out on the couch

Dm F
On and on and on it goes ?
C G
On and on and on it goes

F G C
Cause I've been nothing but good to you
F G C
Your howlin' into the night won't do
F G C C
I'm tired of talking, talking, talking, talking
F G C
I've been nothing but good to you

(F G C)

G Dm C
Every moment my heart went black and cold

F G C
Nothing stings as much like never knowing
G Dm C
What you've been up to, whose bed your crashing now
F G C
I wanna get rid of the feeling, turn it all around

F G C
Cause I've been nothing but good to you
F G C
Your howlin' into the night won't do
F G C
I'm tired of talking, talking, talking, talking
F G C
I've been nothing but good to you

(F G C)

F G C
Get out the door and disappear
F G C
When you get home i won't be here
F G C
Don't act surprised as if you cared
F G
Don't even bother cause
?
F G C
Cause I've been nothing but good to you
F G C
Your howlin' into the night won't do
F G C
I'm tired of talking, talking, talking, talking
F G C
I've been nothing but good to you
