

# Léon - Tired Of You

Tom: C

Do you sometimes let your hand slip away?  
 Something just feels different about you babe  
 Don't wanna hear about your crazy drunk night out  
 I don't believe that you just passed out on the couch  
 I can see it, something in the way you move  
 You're acting like there's something left to prove  
 And all these lies they keep on slippin' out  
 I said I don't believe that you just passed out on the couch

On and on and on it goes  
 On and on and on it goes?

Cause I've been nothing but good to you  
 Your howlin' into the night won't do  
 I'm tired of talking, talking, talking, talking  
 I've been nothing but good to you

( F G Am )

Every moment my heart went black and cold

Nothing stings as much like never knowing  
 What you've been up to, whose bed your crashing now  
 I wanna get rid of the feeling, turn it all around

Cause I've been nothing but good to you  
 Your howlin' into the night won't do  
 I'm tired of talking, talking, talking, talking  
 I've been nothing but good to you

( F G Am )

Get out the door and disappear  
 When you get home i won't be here  
 Don't act surprised as if you cared  
 Don't even bother cause

Cause I've been nothing but good to you  
 Your howlin' into the night won't do  
 I'm tired of talking, talking, talking, talking  
 I've been nothing but good to you

( F G Am )
