

Lewis Capaldi - How I'm Feeling Now

tom:
 Will you forgive me if I'm comin'
 Off a little bit obtuse?
 Well, it's been a minute now since
 I have had to tell the truth
 I know I can
 I won't
 Suppose I thought that, by this moment
 I would have it figured out
 But, instead, I tend to spend my days
 Consumed by seeds of doubt
 (Am7 G)
 I know I can
 I won't
 Oh, darlin', it goes on and on and on
 Always, forever, till I'm barely
 Holdin' on
 End of my tether and I know it
 Won't be long
 It won't be long till it's gone
 So here's to my beautiful life
 That seems to leave me so unsatisfied
 No sense of self, but self-obsessed
 I'm always trapped inside my fuckin' head
 On and on and on, on and on and on
 On and on and on, on and on and on
 Said, Thought I'd be happier somehow
 If you were wonderin'
 How I'm feelin' now
 I try to tell myself my best days
 Are the ones that lie ahead

But I'm always lookin' back on things
 I wish I'd never said
 I know I can
 I won't
 Oh, darlin', it goes on and on and on
 Always, forever, till I'm barely
 Holdin' on
 End of my tether and I know it
 Won't be long
 It won't be long till it's gone
 So here's to my beautiful life
 That seems to leave me so unsatisfied
 No sense of self, but self-obsessed
 I'm always trapped inside my fuckin' head
 On and on and on, on and on and on
 On and on and on, on and on and on
 Said, Thought I'd be happier somehow
 If you were wonderin' how I'm feelin' now
 I won't lie, I'm a mess, yeah
 But I'll get there
 No, I won't lie, I'm a mess, yeah
 But I'll get there
 So here's to my beautiful life
 That seems to leave me so unsatisfied
 No sense of self, but self-obsessed
 I'm always trapped inside my fuckin' head
 On and on and on, on and on and on
 On and on and on, on and on and on
 Said: Thought I'd be happier somehow
 If you were wonderin'
 How I'm feelin' now
