

# Lewis Capaldi - Let It Roll

tom:  
 G  
 Where'd you get to? Where'd you go?  
 G  
 I been so low since you left  
 F  
 Wish you kept leading me on  
 F C  
 Tried to reach you, tried to call  
 G  
 I bang my head against your door  
 D  
 But there ain't nobody home  
 D  
 And if you want to stay lost a while  
 Am  
 I'll rearrange the road I take  
 Am  
 And meet you out in the wild  
 Bm  
 And if you want, we can wait behind  
 G  
 We could find a place to hide  
 D  
 Maybe I could change your mind  
 Cm  
 So, I'm holding out for something more  
 F C Am D  
 Let me hold your rolling heart of stone  
 Cm  
 Weigh down heavy like you did before  
 F C Am G  
 Let me hold your rolling heart of stone  
 G  
 Let it roll, let it roll, let it roll again  
 C Am D  
 Let it roll, let it roll, let me hold your heart of stone  
 G  
 If you think you might feel the same  
 A  
 I'll be right here where we left off  
 A G C  
 Same old story, same old place  
 C G  
 I won't wander, I won't let go  
 Am  
 'Cause there's more life in my bones  
 D  
 Than you give me credit for  
 D  
 And if you want to stay lost a while  
 I'll rearrange the road I take  
 Am
