

# Lewis Capaldi - Mercy

Tom: Gb

[Primeira Parte]

For every second you've been talking  
 I've been trying to count the lines around your face  
 Cause I don't know if I'll ever be this close again

[Pré-Refrão]

I feel like I'm just wasting time before you pull the trigger  
 It's the drawing of the line it's my ghost you're going to give up

Got your made up mind it hurts to see you're alright  
 When I'm not alright  
 So if you're calling it a night

[Refrão]

Oh please have, have mercy  
 Have mercy on me, you're breaking my heart

(Oh please have, have mercy)  
 Have mercy on me, I'm falling apart

Have mercy, my heart

[Segunda Parte]

I felt you slip away so slowly  
 I lost my grip a little more each time we touched  
 I've got no hope I guess I'll never get it back again

[Pré-Refrão]

Felt like I was just wasting time before you pulled the trigger  
 It's the drawing of the line it's my ghost you're going to give up

Got your made up mind it hurts to see you're alright  
 When I'm not alright  
 So if you're calling it a night

[Refrão]

Oh please have, have mercy  
 Have mercy on me, you're breaking my heart

(Oh please have, have mercy)  
 Have mercy on me, I'm falling apart

And I just don't know how we got  
 So wrong, for so long

(Oh please have, have mercy)  
 Have mercy on me, mercy my heart

[Ponte]

Somehow I can't let go  
 But I know I've been holding on too long

Somehow I can't let go  
 But I know I've been holding on too long

[Refrão]

Oh please have, have mercy  
 Have mercy on me, you're breaking my heart

(Oh please have, have mercy)  
 Have mercy on me, I'm falling apart

And I just don't know how we got  
 So wrong, for so long

(Oh please have, have mercy)  
 Have mercy on me, mercy my heart

Have mercy, my heart
