

Liam Gallagher - Alright Now

Tom: G

[Primeira Parte]

Well, you look too well and your first time under the law
 Yeah, your head jumped fun so you thought it's time to move on
 But the pretty girls from the underworld made it easier said than done

Yeah, soon enough you were hanging out, you were back where you begun

But maybe it's alright now
 [Segunda Parte]

Well, it rained three days so the street began to flood
 Everyone took off, they said they had enough

Since 26, since 40 licks, you been moving through the fog
 Yeah, you never said what you really meant, did you think that it would stop?

But maybe it's alright now

Baby, it's alright now

[Refrão]

By the pinball lights, you got petrified

Your glass in hand, you're staring at the walls
 You could try to change, but you just stay strange

And drink away the emptiness, paranoid, the SAS
 Will end the game by kicking in your door

[Solo]

[Refrão]

By the pinball lights, you got petrified

Your glass in hand, you're staring at the walls
 Yeah, you just stay strange, and you call her name

Well, sonny, she can't hear you anymore
 Sonny, she can't hear you anymore

[Terceira Parte]

When the lights go down on Broadway

I could still hear all the things you used to say
 From out my window

Watch the fires burn down the road

At times, I wonder if you're listening, now I know
 At times, I wonder if you hear me, now I know

Acordes
