(forma dos acordes no tom de E)
Capostrate na 3ª casa

[Primeira Parte]

People ask me what you mean, boy, all the time (Yeah)

Nobody can follow me but I don't mind

I'm good with my baby

She turns me on

She's fillin' up my sky like a halo 'round the sun
[Segunda Parte]

People grabbin' things off me but, It's alright

Don't know who they wanna be but, It's alright

I'm good with my baby

She's all that I want

She's fillin' up my sky like a halo 'round the sun
[Terceira Parte]

When it's freezing she's my mittens and my cold

When I get too hot she's my like it nice and cold

Wanna lock her up and keep it in her mouth

I can get a little better

Follow her lead to the letter, We can bang a gong forever

[Solo] E A D G B E
[Quarta Parte]

And I know it's her who's knocking at my door

Yeah, she's teaching me that two plus two is four

When the world goes dry she always gives me more

I can't get a little better.

Follow her lead to the letter. We can bang a gong forever
[Quinta Parte]

People ask me what you mean, boy, all the time (Yeah)

Nobody can follow me but I don't mind

I'm good with my baby

She turns me on

Follows me 'round all day like a halo 'round the sun

She's fillin' up my sky like a halo 'round the sun

She's fillin' up my sky like a halo 'round the sun

Round the sun

Round the sun
