

# Lian Ray - Mateo

tom:

Do you miss me?

When you close your tender eyes and go

To the backroom of your mind?

Do you copy?

Only static on the line, I can't

Recall the sweet sound of your voice

Do you love him?

More than I love you?

Well of course you do

Do you miss him?

More than I miss you?

Well of course you do

Well of course you do

Are you sorry?

What a cruel little bitch you are

I think it's turning me on

Are you happy?

When you look him in the eyes and cum?

Or can you still hear the song?

Do you love him?

More than I love you?

Well of course you do

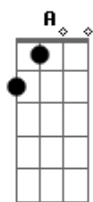

Do you miss him?

More than I miss you?

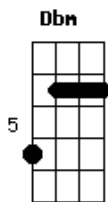

Well of course you do

Well of course you do
