

# Lianne La Havas - Grow

Tom: **G**  
Intro: **Em**

**Em**  
I resisted the charms of Evil's arms  
           **F#sus4**          **Am**  
As she stood by my bedside  
   **Em**                  **F#sus4**  
Speaking in tongues  
   **Em**                                  **F#sus4**  
And the lovers who cried won't be denied  
   **Am**  
As they fight for their right  
   **Em**  
To grow, to grow  
   **Bm7**                  **Am**  
Please don't turn us down  
                   **Em**  
Don't turn us down  
Turn, turn

**Em**  
Turn up the love  
Turn up and watch it sing  
           **F#sus4**  
As we grow  
                   **Am**  
The future we don't know, know  
                   **Em**  
Unless we're together  
   **F#sus4**  
Together

**Em**  
Turn up the love  
Turn up and watch it sing  
           **F#sus4**  
As we grow  
                   **Am**  
The future we don't know, know  
                   **Em**  
Unless we do it together

**F#sus4**  
I requested to know what I did wrong  
           **Am**                  **Em**                  **F#sus4**  
Cause I sure didn't mean to string you along

**Em**  
But the blood in my body  
   **F#sus4**                  **Am**  
And my heart beat said  
                   **Em**  
It's to feel a crime  
A crime!

**Bm7**                  **Am**  
Please don't turn us down

**Em**  
Won't be turned down  
Turn, turn

**Em**

Turn up for this love  
Turn turn turn turn!
