

Libera - You Were There

Tom: Db

You were there - in everything I knew
 From the moment - I began
 Always there - in every way I grew
 Saved me falling - held my hand

You were shelter from the storm
 The shadows fade away
 All cares pass away

As hour by hour and day by day
 Your love lightens up the sky
 As it shines across the night

Ave Regina, coelorum decora
 Virgo gloriosa A - ve

And when the end of day is come
 Stay with me through the dark and bring me home

You are there - whichever way I go
 Keep me safely - night and day
 Always there - whenever I'm alone
 Hear me calling - show the way

You were shelter from the storm
 The shadows fade away
 All cares pass away

As hour by hour and day by day
 Your love lightens up the sky
 As it shines across the night

Ave Regina, coelorum decora
 Virgo gloriosa A - ve

And when the end of day is come
 Stay with me through the dark and bring me home
 Stay with me through the dark and bring me home
