

# Libera - You Were There

Tom: Db

You were there - in everything I knew  
 From the moment - I began  
 Always there - in every way I grew  
 Saved me falling - held my hand

You were shelter from the storm  
 The shadows fade away  
 All cares pass away

As hour by hour and day by day  
 Your love lightens up the sky  
 As it shines across the night

Ave Regina, coelorum decora  
 Virgo gloriosa A - ve

And when the end of day is come  
 Stay with me through the dark and bring me home

You are there - whichever way I go  
 Keep me safely - night and day  
 Always there - whenever I'm alone  
 Hear me calling - show the way

You were shelter from the storm  
 The shadows fade away  
 All cares pass away

As hour by hour and day by day  
 Your love lightens up the sky  
 As it shines across the night

Ave Regina, coelorum decora  
 Virgo gloriosa A - ve

And when the end of day is come  
 Stay with me through the dark and bring me home  
 Stay with me through the dark and bring me home
