Tom: A ...floor    woo woo woo

Tuning: standard  
ok, so this song is mostly strumming.  
this version is the one they did at 1.  
they only had an acoustic guitar, a bass guitar and a snare.  
it's pretty simple once you passed the first verse.  
and i timed the chord movements to the lyrics  
so it should be easy to follow.  
have fun.  
Intro:

verse1  
I was young but I wasn't naive    I watched helpless

As you turned around to leave

And still I have the pain I have to carry  
A past so deep That even you could not bury

if you tried    woo woo woo

refrain  
After all this time    I never thought we'd be here

never thought we'd be here

when my love for you is blind    But I couldn't make you see  
it

Couldn't make you see it

That I loved you more    Than you'll ever know

And part of me died    When I let you,

...go

verse2  
I would fall asleep Only in hopes of dreaming    That  
everything

Would be like it was before

But nights like this    It seems are slowly fleeting

They disappear as reality is crashing to the, floor

refrain  
After all this time    I never thought we'd be here

never thought we'd be here

when my love for you is blind    But I couldn't make you see  
it

Couldn't make you see it

That I loved you more    Than you'll ever know

And part of me died    When I let you,

...go(instrumental)

refrain  
After all this why    Would you ever wanna leave

Maybe you could not believe it

That my love for you is blind But I couldn't make you see it

Couldn't make you see it

That I loved you more    Than you'll ever know

And part of me died    When I let you go

...go

That I loved you more    Than you'll ever know

And part of me died    When I let you go

...go
