

Lifehouse - Breathing

Tom: F
Intro:

Repeat

Verse 1:

I'm finding my way back to sanity again
 Though I don't really know what I'm gonna do
 When I get there...
 Take a breath and hold on tight
 And spin around one more time
 And gracefully fall back to the arms of grace

Chorus:

'Cause I'm hanging on every word you say
 And even if you don't wanna speak tonight
 That's alright, alright with me
 'Cause I want nothing more
 Than to sit outside Heaven's door

And listen to you breathing
 It's where I wanna be, yeah
 Intro: Verse 2:
 I'm looking past the shadows
 of my mind into the truth and
 I'm trying to identify
 the voices in my head
 God, which one's you
 Let me feel one more time
 What it feels like to feel
 And break these calluses off of me
 One more time

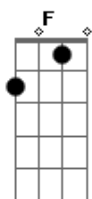

Bridge:

I don't want a thing from you
 I bet you're tired of me
 Waiting for the scratch to fall off
 Of your table to the ground...

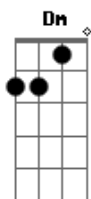

La la laaa, la la la la la laaaaa
 'Cause I just wanna be here now...

Chorus (2x)
