

# Lifehouse - Falling In

Tom: G

(intro)

Everytime I see your face  
 My heart takes off on a high speed chase  
 Now don't be scared, it's only love  
 Baby that we're falling in

(verso 1)

I can't wait 'til tomorrow  
 This feeling has swallowed me whole  
 And I know that I've lost control  
 This heart that I've followed  
 Has left me so hollow  
 That was then, this is now  
 Yeah you have changed every thing

(refrão 1)

Everytime I see your face  
 My heart takes off on a high speed chase  
 Now don't be scared it's only love  
 That we're falling in  
 I would never do you wrong  
 Or let you down or lead you on  
 Don't look down it's only love  
 Baby that we're falling in

(verso 2)

I'm standing in your driveway  
 It's midnight and I'm sideways  
 I have to find out if you feel the same  
 Won't be easy, have my doubts too

But it's over without you  
 I'm just lost, incomplete  
 Yeah you feel like home, home to me

(refrão 2)

Everytime I see your face  
 My heart takes off on a high speed chase  
 Now don't be scared it's only love  
 That we're falling in  
 I would never do you wrong  
 Or let you down or lead you on  
 Don't look down it's only love  
 Baby that we're falling in, falling in

(ponte)

All those nights I stayed away  
 Thinking of all the ways to make you mine  
 All those smiles were never faked  
 Never run out of ways to blow my mind

(refrão 3)

Everytime I see your face  
 My heart takes off on a high speed chase  
 Now don't be scared it's only love  
 That we're falling in  
 I would never do you wrong  
 Or let you down or lead you on  
 Don't look down it's only love  
 Baby that we're falling in  
 Don't be scared it's only love  
 Baby that we're falling in
